English

I think I bought the wrong Forest. There was nice art, beautiful music and puzzle as promised.

But now for things i didn't like

-You can't see witch one of puzzles you have completed

-There's no achievements

-It's littlebit too easy

+ sure it was cheap

I'd rate it 4/5. Aside from being based on a frustrating puzzle game (called Fifteen, if I understand correctly), the animations are painfully slow, with absolutely no way to speed them up.
